

Don't Let What Happened to Me, Happen to You

My name is David. One day, while at work, I started feeling sick and ran for the bathroom.

I felt better, so I returned to finish my shift. I needed the money. An order came in for a salad. I forgot to wash my hands or wear gloves.

I did not know I had germs on my hands. I passed my germs to the tomatoes . . .

. . . and to the cucumbers . . .

. . . and to the entire salad . . .

. . . and to a little girl named Ashlynn who ate the salad that I prepared.

The next day, Ashlynn got so sick with stomach cramps and vomiting. In fact, dozens of people got sick because I continued to prepare food that day.

I could have prevented this from happening.

Protect People Everywhere: Wash Your Hands, Use Gloves or Utensils, and Never Work When You Are Sick.
